## REPORT OF LIBRARY TRUSTEES.

---

We have 939 books belonging to the library, not including law reports. We have loaned from the Centre library 3,674 volumes, a gain of 75 per cent. over last year.

Have not received any report from the branch at the North and Parade. Have called in most of the books at the Parade branch.

The books should be catalogued, and if no other arrangement seems practical, a list of the books printed in the annual town report would be a great convenience, and as new books are purchased, add a list of the same from year to year.

And while it is true we have not used the money raised this year for the purchase of books (the amount being so small), the trustees thought best to wait and unite the two appropriations, as we obtain a better discount on a larger order.

Would recommend that the town raise one hundred dollars in excess of that required by law.

Have received from the state the history of the 16th and 12th N. H. regiments. From James G. Garland, Biddeford, Me., Garland's Genealogy, Northern Branch.

"The library will be open for the delivery of books on Tuesday and Saturday afternoons and evenings, from 2 to 5 o'clock, and from 7 to 9 o'clock."

We remain your servants,

## SCHOOL REPORT.

---

In compliance with the law, we have the honor, as board of education of Barnstead, to submit the following report:

Twelve schools were maintained during the summer and fall. The two terms were each ten weeks long. After a vacation of two weeks the winter term was opened, which continued eight weeks, making twenty-eight weeks for the entire year.

The school at the North, which numbered only three pupils, was discontinued for the winter term. Conveyance was provided to take the children to Locke's Corner school. Owing to sickness on the part of the teacher this school was closed at the end of six weeks. The district will be entitled to two weeks extra next term.

Most of our teachers have been selected from the sons and daughters of Barnstead, who have rendered faithful and efficient service. When we have been obliged to choose teachers from out of town it has been our aim to secure the best possible talent.

The strangers who have been engaged have displayed an interest and have been untiring in their efforts to accomplish the highest results.

With few exceptions harmonious relations have existed between teachers and pupils, the teachers having the support and co-operation of the parents, which always assures success.

We have observed with pleasure the growing interest manifested by teachers and pupils in the line of patriotism. The amendment to the law in regard to exercises of a patriotic nature the week preceding Memorial day, has enabled more work to be accomplished. To train the children to appreciate the

meaning of patriotism is a duty and a privilege. Eternal vigilance is the price of liberty. It is an honor to Barnstead that a flag proudly floats from every school house in town.

A unique primer has been placed in the schools containing colored pictures and vertical writing.

By virtue of your generosity each succeeding year the school houses are being made more and more comfortable and attractive. As no money was appropriated for repairs this year none have been made. At the North and Shackford Corner the school houses need to be shingled on both sides. The school house in the Pittman district needs shingling on one side. The Berry school house has not been painted inside and would be much improved could paint be applied.

The sheds in the Pittman, Bickford and Clarktown districts are in a bad condition and could be made much better at a small expenditure.

The new school house, so long needed at the Parade, has been built, and now stands as an ornament to the picturesque little village.
